COMMEMORATIVE AIR FORCE (CAF)

Keep 'Em Flying!

December, 2009

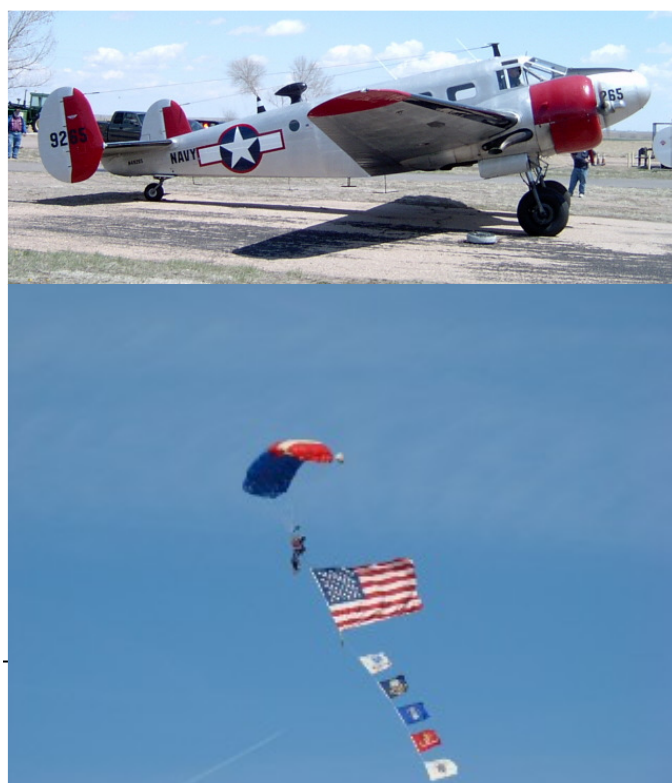

Happy Holidays!

By Stan Peterson

On Veterans Day Rob Range took his Demo Team of parachutists up for a drop over the American Legion's back yard in Boulder. The jump was accompanied by patriotic music and was very well received; both the C-45 and the jumpers performed flawlessly. Not one, but two American flags appeared as they descended, with the smaller flag trailing the five flags of our armed forces.

The November meeting went well. The PX is staying profitable, enough so that we have been paying off some of the CAF HQ's charges and keeping them mildly satisfied. Even though we have three qualified sponsor\pilots, for various reasons it's been difficult for any of them to be able to fly on the weekends, so we have yet to be able to offer members rides on those days that we have our meetings. Although we've been fortunate to always have enough staff members show to make a quorum, it would be nice to see more members at the meetings\work days.

We're making arrangements to get our newsletter up and operating again. Mark Weigand has contacted Bob Elsloo and is working on transferring information and programs. Mark will be publishing a survey to determine what might inspire people to attend more of our meetings.
